

# 2023 SGRX Preferred Drug List

(Effective through 7/31/2023)

The following is a list of the most commonly prescribed drugs. It represents an abbreviated version of the drug list that is at the core of your prescription-drug benefit plan. The list is not all-inclusive and does not guarantee coverage. In addition to using this list, you are encouraged to ask your doctor to prescribe generic drugs whenever appropriate.

(SP) – Specialty Drug, subject to prior authorization requirement

(PA) – Prior Authorization Required

(ST) – Step Therapy Requirement

**PLEASE NOTE: Brand-name drugs may move to nonpreferred status if a generic version becomes available during the year. Not all the drugs listed are covered by all prescription-drug benefit programs; check your benefit materials for the specific drugs covered and the copayments for your prescription-drug benefit program. For specific questions about your coverage, please call the phone number printed on your member ID card.**
